The Somerset Journal says: Look pleased. Don't worry—work.

Many of our country people are rejoicing over the prospect of the Rural Free Delivery. It will be a great convenience.

Get the scent of the mothball out of your old last winter's dinner before going to church. Your neighbor will love you more.

Like bad money, the old, faded last winter's overcoat has to return, especially so with the newspaper fraternity.

Bryantville lodge has decided to meet on first and third Monday night, and extends an invitation to all Ma sons in good standing to visit them.

The Ladies Aid Society will meet with Mrs W T West Saturday afternoon at 2 o'clock instead of 2:30 and The Record is requested to say that a full attendance is desired.

Rev C M Chumbley, who is one of the best gardeners in town, has our thanks for a lot of the finest sweet potatoes we have seen. His garden, which, by the way, was raised by his own labor, was considered about the best in town.

The largest jumper taken from Dix river was caught by our old friend, Henry Burdett, who was kind enough to bring him to ye editor. Henry is one of the few fishermen who catches his fish out of the river instead of around a store stove.

Take a look at the amount of job, or display type in this issue, and you will have some idea of the styles and assortment we have. This type is not used in printing stationery, such as letter heads, envelopes, pamphlets, etc., but only for the newspaper. We have many cases of the other, so send us an order for work.

Court Day.

A large crowd came in Monday and business with the merchant was better than usual. The dry goods and clothing men report an exceptionally good day's sales. The farmers told of great damage and loss from the continued drouth, which has not only played havoc with farm work but completely demoralized the stock business. Lack of interest in the approaching election was very noticeable, and only those who had nothing else to do discussed politics. A considerable amount of booze was in evidence but there was no disorder to amount to any thing.

"Pollerticks" warmed up a little Monday, and those who had nothing else to do engaged in lively discussions.

The local telephone system continues to grow, and we are now getting out a new card of names, which contains many new ones.

As Mr Chumbley will be engaged in a meeting near Lebanon, there will be no preaching at the Presbyterian church Sunday.

J J Walker bought of Dr Beazley the latter's cozy residence on Lexington street. Price \$2,800. Mr Walker will move into the property as soon as Dr Beazley leaves, which will be in a few weeks.

Supper at Fork.

The Ladies Working Society of the Fork church will serve supper at the Parsonage this (Friday) evening, and the public is cordially invited. Proceeds for benefit of the church. The ladies in this section of Garrard have a wide reputation for the splendid suppers they serve, and a treat is in store for those who attend. Full supper will be served for the small sum of 35 cents.

A Regrettable Error.

In our write-up of Bryantville, last issue, in some unaccountable manner the name of Dickerson Bros., dealers in general merchandise, undertakers, etc., was omitted from the list of merchants. They have one of the largest stocks of goods there, and we regret the error. In making the list, theirs was written at head of the list, but the printer overlooked it.

Rural Routes.

The new Rural Routes will be started out of Lancaster on Tuesday, Nov. 1st. George Smith will be carrier on route No. 1, which goes out the Richmond pike to Lowell thence over the Gillispie pike to the Kirksville pike and back to Lancaster via the Kirksville pike. W E Walker will be carrier on route No. 2, which goes out the New Danville pike to Hedgville thence to the Robinson lane, thence to the Rush Branch pike to the intersection of the latter and the Stanford pike and to Lancaster over the Lancaster and Stanford pike. All mail for patrons of route No 1 should be addressed to them "R. F. D. No 1 Lancaster" and for patrons of route No 2 "R. F. D. No 2 Lancaster."

Lost.

On Wednesday morning, between the residence of John M Duncan and Stormes drug store, pair of steel-frame spectacles. Return to this office and receive reward.

Called to Fork Church.

The Rev. S P Martin, of Shepherdsville, has accepted the call as pastor of the Fork church, and will take charge as such January 1st. He preached there recently, and the congregation was delighted with him. He will preach next Sunday at 11 a. m., and 7 p. m.

Will Build New House.

Another old land mark now disappearing is the old Eason property on Richmond street, opposite Baptist church. Mr C D Powell, one of our most enterprising and progressive merchants bought the property of the Eason heirs, through Judge M. D. Hughes, the real estate man. Price, \$1,000. Mr Powell will immediately tear away the old eye sore and erect a handsome dwelling and business house.

Republican Speaking.

Hon Ward B. Sherman, of Chicago, spoke at the court house Tuesday afternoon to a very attentive audience. Mr Sherman is one of the best speakers the republican have on the stump, and is well posted on the affairs of today. He dwelt at length upon the tariff and praised the administration of President Roosevelt in strongest terms. He predicted an overwhelming victory for the republican ticket.

Another Big Ballot.

The official ballots, which this office is now printing and binding, are almost as large as a bed quilt. There are six rows of electors, thirteen names of each, while at the bottom of the first two are names of candidates for Appellate Judge and Congressman. At foot of prohibition electors is name of candidate for congress, but none for Judge. The other three, Peoples Party, Socialist, and Socialist Labor, only contain names of the thirteen electors.

A Plan for Country Life.

Many a farmer who has retired and settled in some village, town or city, is winding up his days in homesickness and isolation. He finds the city a closed book so far as genial companionship and pleasant living are concerned and most cases the retired farmers are downright unhappy in their new surroundings. For good old hospitality commend us to the country with its plain living on the salt of the earth—Midland Farmer.

Painful Accident.

The many friends of Mrs Susan Anderson were distressed to hear of the painful and serious accident to which she happened Thursday night. Some time during the night she arose from the bed, and in the darkness lost her balance and fell, dislocating one shoulder, and breaking a small bone therein. The pain has been intense. Owing to her advanced age, the accident is more serious, though the physicians think she will soon be well. "Aunt Susan" is a great favorite with all the people, who deeply regret her misfortune.

Origin of the Negro.

An American negro now in London (writes a correspondent) gives a curious description of the origin of the colored race. He does not think that Adam and Eve were whites. Indeed, all people had dark skins until Abraham jumped into a pool of clear water one day. The darkness of his skin was removed by a miracle, and he emerged a white man. Others near him followed his example, with similar results until the water gradually became brown. The people who then bathed became what are known now as Japanese and Chinese. Some lazy niggers were then about to jump into the water, when Abraham ordered the caravan to move on, and to this day they have remained black.

A Citizen of Right Type.

In giving the home printing office the job of making the ballots for the approaching election, County Clerk J. A. Doty shows that he is a citizen who believes in patronizing home institutions, and spending money with people who will keep it here. Every cent paid for this work goes to people who will spend it here, and back to the tax payers who paid it into the county treasury. Mr Doty has never ordered anything from the city which could be gotten here at the same price. Fact of the matter is The Record has done this work even cheaper than what has heretofore been paid to city firms. If this same spirit of buying from home merchants was practiced by all Garrard county people, our county would be in much better shape in mercantile affairs. Mr Doty is not only a good citizen, but one of the best clerks the county ever had.

DR LOUIS McMURRY, OF LOUISVILLE

Additional Personals.

Miss Martin, is visiting Misses Mary and Martha Gill.

Mrs Ida Sinclair, of New Orleans, is the guest of Mrs Ophelia Dunn.

Mrs Idamies Ida Sinclair and Ophelia Dunn were visitors in Danville Tuesday.

Mrs A. D Ford and little daughter, Elizabeth, are visiting relatives in Jessamine.

Mrs J H Hurt has returned from a two weeks visit to Lexington, Nicholas and Danville.

Dr G C Farris has returned from a pleasant visit to Lexington, Lawrenceburg and Cincinnati.

Miss Lottie Webb, of Lexington is expected this week for a visit to her friend, Mrs Banks Hudson.

Mr Robert West and sisters, Misses Fannie and Bettie West, have returned from a visit to Lexington.

Misses Gill and Miss Grace Kinnaird will entertain, Monday evening in honor of Misses Drew and Martin.

Misses Fannie and Janie Doty have returned from a visit to their sister, Mrs Annie Doty, of Millersburg.

Misses Bettie West, Kate and Lillian Kinnaird and Mr Robert West are in St Louis attending the Fair.

The Louisville Courier-Journal has quite an elaborate notice of the wedding arrangements of Miss Christine Bradley to Dr South of Frankfort, which is very interesting as she is a Lancaster girl, and one of the few who has officiated at the christening of a United States battleship, besides being one of Kentucky's most charming girls.

One of the most brilliant weddings of the season, and one which will interest Kentuckians as well as Louisvillians, will be solemnized next Wednesday evening, Nov. 2, when Miss Christine Duncan Bradley and Dr Joo South of Frankfort will be married. The ceremony will take place at nine o'clock in the evening at the home of the bride's parents, ex Governor and Mrs Wm. O Bradley, 1706 Fourth avenue. The officiating clergyman will be the Rev Dr J McCuskey Blayney, of Frankfort. The ceremony will be performed in one corner of the parlor and the floral arrangements will be most artistic and beautiful. The corner will be banked with palms, ferns and other growing plants to the ceiling, and the green will be relieved by tall individual candlesticks supporting white candles, which will be arranged in pyramid fashion. There will be two aisles leading to the prompt altar, arranged from the folding doors leading from the dining room on one side and from those leading into the hall on the other. The walls of the room, which will be lined with paschal candlesticks of brass filled white candles, will form the far side of each aisle, and the inner side will be made of garlands of smilax studded with electric bulbs festooned from newel posts, which will in turn be decorated with large bunches of yellow and pink roses tied with fluffy white tulle bows.

The entire house will be decorated in yellow and pale pink roses, banked on the mantels, fastened to the chandeliers by white tulle bows and secured to the paschal candlesticks which will line the walls of the parlor. All the rooms will be similarly decorated except the hall, which will be in American Beauties. The banisters will be garlanded in smilax, caught at intervals with clusters of American Beauties tied with white tulle bows. The bride's table, which will be round, will have an immense flat mound of yellow and pink roses in the center, and the service will be of gold, with gold candelabra filled with yellow candles and yellow rose shades placed on either side of the center piece.

There will be fourteen at that table including Miss Bradley and Dr South, the bridal party and the following:—Dr and Mrs Wm Simpson Elkin, of Atlanta, Ga., Mr Walter C Hay, of Frankfort, Mr Clem Whittemore, of Frankfort, Mr Hugh Bodman, of Cleveland, Mr A O Brand, of Louisville and Mr Fred L Beattys, of New York. Wherley's orchestra will play the wedding music.

Mrs Wm Simpson Elkin, of Atlanta Ga., the bride's aunt, will be the matron of honor, and Mr Polk Laffoon, of Frankfort, will be the best man.

The bridesmaids will be Miss Mary Gatewood, of Mt. Sterling, Miss Tevis Carpenter, of Stanford, Miss Margaret Tomlinson, of Lancaster, and Miss Belle South, of Frankfort. Miss Bradley will wear a beautiful Princess gown of rose point lace and embroidered chiffon, and will carry white orchids. The matron of honor will be gowned in yellow brocade trimmed in duchess lace, and will carry a bouquet of pink and yellow roses tied with white tulle. The four bridesmaids will be gowned alike in white net over taffeta trimmed in accordion plaited quillings, edged with Valenciennes lace. They will wear girdles of yellow and pink ribbon and will carry yellow and pink roses tied with white tulle. The wedding will be attended by a large number of out-of-town guests.

The couple will leave that night for New York and Niagara Falls and will then visit the Exposition in St. Louis before going to California. They will be at home after December 1, at the Capital Hotel, Frankfort. Miss Bradley will give a dinner party on Tuesday evening, November 1, for the guests at her bridal table.

The annual cry, "Turkey crop will be short," is now being heard.

Home-grown celery for sale. Fine. 10 28-11. J. C. Thompson.

Notice.

There will be preaching next Sunday morning at 10:45 at Baptist church Pastor.

The biggest sale of the season will be that of Cook & Kerr, advertised in this issue. Some of the finest stock in Kentucky will be sold. Read the ad.

Good Speeches Monday.

Hon. Geo. G. Gilbert, democratic candidate for congress and Hon. Reed Emory, democratic elector, spoke to a large crowd at the court house Monday. Mr Gilbert, who is one of the best speakers in this section, dwelt at length on national affairs, and handled the republican party without gloves. He has a host of friends in Garrard who are working like Trojans for his re-election. That he has made a good congressman, no one can dispute. His honesty and uprightness have won many friends in the opposing party, while his own people will support him to a man. It was Mr Emory's first appearance in Lancaster, and he made a most favorable impression. He is splendidly educated, of good voice and can handle the questions of the day with the ease and grace of the oldest speakers on the stump. He is a splendid young man in every way, and has made a lot of friends here who are for him for anything he wants.

Home Physicians Testify.

We the undersigned physicians of Garrard county have had occasion to observe the results of glasses fitted by Mr E W Morrow, and we take pleasure in stating that he can correct all errors or refraction that can be corrected by glasses. He is a graduate of one of the best optical colleges of New York City, and we do not deem it necessary for any one to go away from home to have glasses adjusted, but would advise those in need of glasses to give Mr Morrow a trial.

Dr J B Kinnaird, Dr J M Acton, Dr W Burnett, Dr J S Gilbert, Dr J A Amon, Dr F M Walker, Dr H C Herring.

The above recommendation from your county physicians speaks for itself. Mr Morrow can always be found at McRoberts' drug store, or he will call at your house and adjust glasses, at prices at least 20 percent. less than itinerant eye glass vendors would charge you; satisfaction guaranteed. 10 28 11

CENTRAL RECORD.

Issued Weekly. \$1.00 per Year.

LOUIS LANDRAM.

Entered at the Post Office in Lancaster, Ky., as Second-Class Mail Matter.

Lancaster, Ky., October 28, 1904.

In his forthcoming annual report the United States Commissioner of Education presents an analysis of the names and biographical data in "Who's Who in America." This book contains 14,453 names of men and women who have achieved something or have got credit for power of achievement. Counting those over 30 years of age, 7,700 of the persons named have had college training, 1,627 are high school graduates, 1,066 had common school advantages, 278 were home-taught and 21 self-taught. The commissioner, taking these results and comparing the statistics or population, finds that a boy with a common school education has one chance in 9,000, and a college graduate 200 chances in 9,000.

Such figures and analysis are inconclusive. Literally, they mean little, because they do not make plain what is meant in the word "success." If a man is not successful until he has been president, senator, congressman, diplomat, financier, coal baron or the like, then the figures might be looked upon as reliable, but success is not measured in that way. If you accomplish what you set out to do, whether you aim at the presidency or the jack plane, if you live righteously, care for your family, merit the respect of your neighbors and do well that which falls to your lot, you are a success. It is unfair to measure the success of mankind wholly by the highest marks of civilization.

Education should be pursued to the limit. There is no doubt about its value, but there are thousands on thousands of successful men and women in every section of the country, who never saw the inside of a college hall. It is not true that success depends upon education, but it is true that education is a potent factor in the accomplishment of large successes.

One day last week a Chicago boy of 19, murmuring, "I am always in the way," took a dose of poison and was dead before relief could be offered. His parents, greatly shocked and grieved, averred that they knew of no reason why he should take his life. When they come to think of his last words their eyes may be opened. No one, especially a young person, commits suicide without a cause, real or fancied. The boy's family may not have realized that they were making him uncomfortable and unhappy in his own home; no doubt they loved him and were ready to make sacrifices to promote his fortunes. But did he find his home a cheerful place? Was he allowed his freedom and made to feel welcome in every part of it? Or was he constantly bidden not to do this, not to do that, not to sit in this chair or lie on that couch, not to open the window or disturb the perfect order in any respect? Was he allowed to bring his friends to his home or forbidden to remain in the back ground while his sisters and their guests had the best of everything? Was his room made cozy as was it the least desirable one in the house, fitted up with odds and ends of furniture? There are boys who rule both their parents and sisters, but there are also boys, and many of them, who are made to feel that their presence is unwelcome and that they are of little consequence to their own families. No often does one go to the length of suicide, but there is not one who is not the worse for his experience in one way or another all his life.

Some nice fish have been caught in Dix river lately.

Confessions of a Priest.
 Rev. Jno. S. Cox, of Wake, Ark., writes, "For 12 years I suffered from Yellow Jaundice. I consulted a number of physicians and tried all sorts of medicines, but got no relief. Then I began the use of Electric Bitters and feel that I am now cured of a disease that had me in its grasp for twelve years." If you want a reliable medicine for Liver and Kidney trouble, stomach disorder or general debility, get Electric Bitters. It's guaranteed by R. E. McRoberts. Only 50c. 1m

The pumpkin crop has been better than usual.

Chamberlain's Cough Remedy.
 No one who is acquainted with its good qualities can be surprised at the great popularity of Chamberlain's Cough Remedy. It not only cures colds and grip effectually and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure for croup. Whooping cough is not dangerous when this remedy is given. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. It is also pleasant to take. When all of these facts are taken into consideration it is not surprising that people in foreign lands, as well as at home esteem this remedy very highly and very few are willing to take any other after having once used it. For sale by Frisbie's Drug Store. 1m

No game can be killed 'till Nov. 15. Eyre Brer. Rabbit is protected.

Cause of Lockjaw.
 Lockjaw or tetanus is caused by a bacillus or germ which exists plentifully in street dirt. It is inactive so long as exposed to the air, but when carried beneath the skin as in the skin as in the wounds caused by percussion caps or by rusty nails, and when the air is excluded the germ is roused to activity and produces the most virulent poison known. These germs may be destroyed and all danger of lockjaw avoided by applying Chamberlain's Pain Balm freely as soon as the injury is received. Pain Balm is an antiseptic and causes cuts, bruises and like injuries to heal without maturation and in one third the time required by the usual treatment. It is for sale by Frisbie's Drug Store. 1m

The electoral college now consists of 476 votes against 447 in 1900. This means an increase of 29 votes. New York, Illinois and Texas each gain three votes; Minnesota, New Jersey and Pennsylvania each two, fourteen States gain one each. Total vote of the college 476; necessary to a choice 238.

The reduced railroad rates and excursion tickets to all parts of the country makes it possible for you to visit all your long-neglected relatives. It also makes it possible for them to visit you. It is sometimes a poor rule which works both ways.

Teachers' Association.

The Teachers' Association of Paint Lick magisterial district met at Union School, Saturday, October 22, with Miss Sallie Dudderar, as president. The exercises began at 10 a. m. The opening address was given by Mr Wm Coldiron, Miss Merryman and Miss Dudderar furnished an excellent program until noon. At 12 o'clock we were dismissed for dinner. Although the weather was very cold, the delicacies of the season were served on the grounds and enjoyed by all. At 1:30 we convened: Mrs J A Arnold, Miss Hallie Arnold and Miss Osie Dudderar furnished an afternoon program. The success of the association was due to the untiring efforts of the worthy president, Miss Dudderar, although we feel indebted to Mr Jin and Thomas Hurt for the fine music. Miss Maude Spainhower, Sec'y.

Make A Friend of the Editor.

Every man in every town during the course of a lifetime has to ask a favor of an editor—not an exception to this rule, says the Hiwatha (Kan.) World. A man may escape a doctor, keep clear of the courts, but once in a lifetime, at least, every man has to go to a newspaper to ask to have a certain place put in—a death notice, a marriage notice, etc; to have a certain piece kept out or to have his name printed in, or omitted from some item. It is therefore to your interest to treat the editor fairly. He desires to be fair; he would rather do the right than the wrong thing; but if you give him a kick, the dent of it may be found in the top of your own hat some day and you will never know how it got there. Don't think yourself immune; don't think that Providence has especially favored you. Your time will come, and when it does come, it will be a fine investment if you have a friend in the editor's office.

Mr Wanta Noe—Did your husband die peacefully?
 Mrs Berrymore—No; he had three doctors.—Ex.

Many Mothers of a Like Opinion.

Mrs Pilmer, of Cordova, Iowa, says "One of my children was subject to croup of a severe type, and the giving of Chamberlain's Cough Remedy, always brought relief. Many mothers in this neighborhood think the same as I do about this remedy and want no other kind for their children." For sale by Frisbie's Drug Store 1m

Message to Fraternal Orders.
Interesting News from Cincinnati With Local Confirmation in Lancaster.

The thousands of members of fraternal bodies in this State will be interested in the following message from John Theobald, a prominent Forester who lives at 1111 York Street, Cincinnati.

Mr. Theobald writes: "For five years, I suffered with stomach troubles, having all the distress and misery that afflicts dyspeptics. I could not enjoy eating, thinking of the suffering that would follow. My food did not digest, and although I took all kinds of medicines, I found nothing to help me, until I used Mi-o-na. Thanks to this remarkable remedy, I am now a cured man and believe that it made a permanent and complete cure."

R. E. McRoberts is local agent for Mi-o-na, nature's cure for dyspepsia. It is in the form of small tablets and sells at 50c a box. The remedy has made so many and such remarkable cures amongst his customers, confirming Mr. Theobald's statement, that he will give his personal guarantee with every box they sell to refund the money if it does not cure.

Mrs. Mattie Frisbie gave a most delightful dinner Friday in honor of Dr. Lewis McMurtry and her brother, Mr. W. C. Price, of Danville. In addition to the family, Messrs. Jno. M. Duncan and Louis Landrum partook of the bountiful and delightful meal.

Friday evening, Mrs. D. M. Lackey entertained at dinner in honor of Dr. Lewis McMurtry, of Louisville. The many substantial and dainties were prepared in the excellent manner for which Mrs. Lackey is known to get them up, and a most pleasant time was spent. Those present were Dr. Lewis McMurtry, Messrs. W. C. Price, of Danville, Jno. M. Duncan and Louis Landrum.

The dance given by the young men at the New Mason Hotel was very enjoyable. Music was furnished by the Stanford orchestra. The visiting guests were Misses Mary Forman, of Alabama, Margery Drew, of Portsmouth, Ohio, Polly Traylor, of Stanford, Christian and Cerena Dunn, of Danville, and Thompson, of Louisville.

The marriage of Mr. Geo. T. Mason, of Chicago, and Miss Nellie Ward Fitch, of Nicholasville, was solemnized at the home of the bride near the latter city, last Thursday. The ceremony was performed by Father Geo. C. Bealer, of Nicholasville, and the Nicholasville papers speak of the wedding as one of the prettiest ever seen in that city. The groom is a son of Mrs. Elizabeth Mason, of this city, and was born and spent his early life in Lancaster. He is a young man of splendid qualifications and a great favorite here in his old home. The bride is one of Jesse's most popular and lovely young ladies. The record joins with the many Lancaster friends in wishing the happy couple a long life of happiness.

In its big souvenir edition, the Kansas City Journal, of last Sunday, has the following about a former Lancaster boy:—"Archibald Goodloe Lackey

is a Kentucky Republican from prominent old Kentucky families, Goodloes and Estells. He is a cousin of William Cassius Goodloe, ex-minister to Belgium and national committeeman for sixteen years, and until his death in the famous duel with Colonel A. M. Swope in the postoffice in Lexington, Ky., in 1889, when both were killed. Mr. Lackey has lived in Missouri twenty-five years. Before coming to Kansas City he lived eight years in Marshall, Seline county, Missouri. While living there he was appointed postmaster by President Arthur and was serving his second appointment when he resigned to come to Kansas City to take position as secretary and treasurer of the Woods-Miller Investment Company. He was elected vice president of the national postal convention at Chicago in February, 1885. Mr. Lackey married a daughter of one of Kansas City's old and honored citizens, Judge Lucius Carey, who died in 1893. Mr. Lackey is especially popular in Masonic circles, being past high priest of his chapter, and past eminent commander of Knights Templar, also has many friends among the very large colony of Kentuckians living here.

Ed Walton, the clever, brainy and bustling editor of the Stanford Interior Journal, was here Monday, and made us a most pleasant call. The Journal has a wide circulation in Garrard, the fact that it is one of the best papers in the state having won friends who will stand by it thro' thick and thin.

Dr. W. L. McFarland, who has had a pleasant visit with relatives has gone to Lexington to visit Miss Eugenia Dunlap before returning to New York. Upon completing the course in college, he located in New York where he is now engaged in his profession, the nose, throat and ear. He has an appointment at one of the leading hospitals which occupies a great deal of his time. His father and mother, Capt. and Mrs. W. C. McFarland, reside at the Park Avenue hotel, in that city.

Dr. Lewis McMurtry, of Louisville, who came to Danville to deliver one of the addresses at installation of President Hitt last week, came over and spent Friday with Lancaster friends. He was accompanied by Mr. W. C. Price, and the two were given a most cordial reception by the people of their old home town. Both these gentlemen were born and reared in Lancaster and they expressed great delight in getting back to the old stamping ground of their boyhood days, the most delightful of one's life.

Dr. McMurtry practiced his profession in Danville for many years, removing to Louisville where he soon built up a very lucrative practice. His business grew to such an extent that he built a large sanitarium in Louisville, which is considered one of the best in the South and is known all over this section of the country. He is well known among all the leading physicians of the United States, the fact that he was recently elected president of the American Medical Association going to show his popularity and prominence in that, the largest medical association in the country. One of the most admirable of his many noble traits, is his loyalty to his friends, nothing affording him more genuine pleasure than to do a good turn for his fellow man. A high-toned gentleman, a model citizen, a true Christian, a faithful friend are some of the characteristics which have won for him not only fame, but the love and esteem of all who know him.

GARRARD COUNTY LEADS.
In Awards at the World's Fair Garrard County Secures Eight Medals, Ranking First in Central Kentucky Counties.

Kentucky stands far up in the lead in the list of awards made to the exhibitors of the Louisiana Purchase Exposition, having a total of 186, divided as follows: Six grand prizes, thirty-five gold medals, fifty-three silver medals, seventy-two bronze medals. This record, too, is made in the face of the fact that there were only three Kentuckians on the juries of awards. Garrard county ranks ahead of any in Central Kentucky, she receiving eight medals, as follows:
Banks Hudson, hemp, bronze medal.
H. A. B. Marksby & Son, hemp, bronze medal.
J. H. Ward, Bryantsville, seed, silver medal.
J. R. Haselden, clover seed, bronze medal.
J. S. Johnson, barley, bronze medal.
H. A. B. Marksby & Son, rye seed, bronze medal.
C. A. Robinson, millet seed, bronze medal.
J. P. Upton, red-top grass seed, bronze medal.

Awards to the number of inventors in Kentucky's general agricultural exhibit have not satisfied the director of exhibits for the Kentucky commission, and he has appealed to the superior jury for a grand prize on the exhibit as a whole, and there is every reason to believe this request will be granted. The seventy-five awards are divided eight golds, eleven silvers and fifty-six bronzes. It was in this exhibit that the Kentucky Agricultural Experiment Station, of Lexington, made such a remarkable record. It received three gold medals and one silver medal, and, as all four were under different groups, it will be allowed to retain the total number. Several very fine samples of tobacco are shown in this exhibit, and five of them got medals—three golds and two bronzes. The Kentucky Commission did not make a whisky exhibit, but secured space for a collective display, in which seven firms were represented. Two of the number did not enter the competition. Kentucky is justly proud of her exhibit in the Mines and Metallurgy building, and since announcement she is doubly proud and justified. A grand prize is given the State, while two gold medals, ten silvers and five bronzes further attest the superiority of the display. There is a probability of the gold medal on clays being raised to a grand prize, and it is believed that an award will yet be made to W. D. Archibald, of West Liberty, who sent in the largest lump of cannon coal, in the Mines building. In the Palace of Education Kentucky went into competition with the leading educational centers of the world, but she came out with colors flying, receiving two gold medals, eight silvers and five bronzes. Five gold medals, ten silvers, eight bronzes medals! This tells the result of Kentucky's efforts in the Palace of Forestry, Fish and Game. One of the golds is to the State of Kentucky on the collective exhibit and the superior jury has been appealed to to raise this to a grand prize.

Messrs. W. H. Cummins, Lesly Harbor and Richard Pettus returned from the World's Fair last week.

Mr. Sam Adams who returned a few days ago from Texas, lost his little girl, Friday. We extend our prayers and sympathies to the father and mother in this sad hour.

The meeting at the Baptist church is progressing nicely. Bro. Kimble, of Georgetown, is doing the preaching. He is a polished speaker and a very spiritual man. We hope much good will be done.

Mr. Faulkner Kennedy, who has chosen the law as a profession is progressing nicely with his studies, and as he is the first one to enter this place we hope he may reach beyond the ordinary.

Better Than Pills.
The question has been asked—In what way are Chamberlain's Stomach and Liver Tablets superior to the ordinary cathartic and Liver pills? Our answer is—They are easier and more pleasant to take and their effect is so gentle and so agreeable that one hardly realizes that it is produced by a medicine. Then they not only move the bowels but improve the appetite and aid the digestion. For sale at 25c per bottle by Frible's Drug Store. 1m

No Man Is Stronger Than His Stomach

The statement that no man is stronger than his stomach will appeal to every man who has ever suffered from stomach "trouble." He will remember the growing feeling of weakness until he was hardly able to crawl around, and could work only occasionally, and then with difficulty. The danger of dyspepsia roots in the fact that when disease attacks the stomach and other organs of digestion and nutrition the whole body must be the sufferer, for when the stomach is diseased and the digestive processes are imperfectly performed, there is a sure loss of nutrition which is felt by every organ of the body.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It makes strong men because it makes "strong" stomachs, and enables the proper digestion of food and the perfect assimilation of the nutrition contained in the food.

"I have taken six bottles of 'Golden Medical Discovery' and four or five vials of the little 'Pellets,'" writes Mr. A. J. Vanderwater, of 873 West Division Street, Chicago, Ill. "I am happy to say they have done me worlds of good. These medicines have made a great change in me; from a slow mope of a man that could hardly crawl, tired and sick all the time, could do no work, to a man who can work, sleep, eat and feel fine, and that tired feeling all gone away. 'Golden Medical Discovery' and little 'Pellets' have almost made a new man of me. I feel young as I did at thirty years."

Accept no substitute for Dr. Pierce's Golden Medical Discovery. There is nothing else "just as good" for disease of the stomach and other organs of digestion and nutrition.

Dr. Pierce's Common Sense Medical Adviser, the best of modern medical works, is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers. Address Dr. R. V. Pierce, Buffalo, N. Y.

Need More Religion.

An exchange remarks that the people who need more religion are the men who let his horse stand all day exposed to the sun, rain and insects; the man who grows like a bear with a sore head when his wife asks him for money; the woman who whispers around that some other woman is not what she ought to be; the preacher who is always looking for an easier place at a higher salary; the man who walks the streets with his hands in his pockets while his wife carries the baby; and the man who keeps a dog and says he cannot afford to take his horse to the stable.

Save Two From Death.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland of Armonk, N. Y., "but when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infalible for Coughs and Colds. 50c and \$1.00 bottles guaranteed by McRoberts Drug Store. Don't Be a Knecker.

Did you ever notice how many people there were who seldom if ever, speak well of any other person? Did you ever notice yourself falling into the habit. Perhaps unconsciously, until very noticeably and at once disgusting to others. Life for each is hard enough without having others to magnify faults and give them publicity. Why make life any harder for any person? Watch yourself and don't allow the habit to get so strong a hold you cannot break it, and go about speaking ill of all you know. There are good traits of character in every one.—Mankato, Minn., Free Press.

The Real "Yellow Peril."

Last winter, when, among those of the Russians who were not hoping for war and the defeat of their own country, I inquired the grounds for their contemptuous underestimate of the Japanese, I scarcely ever got for reply more than the citation of Russia's one hundred and thirty millions of population, her possession of one-seventh of the dry land of the earth, and the Cossacks. The discussion usually closed with the assertion: "One Cossack can whip ten of those little yellow monkeys."

This faith is based partly on the impression which the Cossacks made upon western Europe as long ago as the Seven Years' War, and which was heightened by their disorganization of Napoleon's retreat from Moscow. Napoleon himself pronounced them perfect masters of partisan warfare, furious in attack and impossible to reach and said that he did not remember having made a prisoner of a single one of them. Finally, he had the Cossacks in mind when he warned Europe that, unless checked by such a powerful unit as he had sought to construct, Russia would enslave the world. That Napoleon's prediction has not been forgotten may be inferred from the recent assertion in various quarters that the real "yellow peril" is the possibility of the organization of the Mongolian races by Russia, and that a Slavic Jenghiz Khan may direct a new Golden Horde against the West.—October-Century.

OFFICIAL CALL

Democratic Primary Election
for the 18th Senatorial District,
Saturday, Dec. 3.

At a meeting of the Democratic Executive Committee of the 18th Senatorial District of Kentucky, held at Danville, Ky., on Monday September 19, 1904, present J. F. Holdman, of Lincoln, W. M. Gooch, of Garrard, R. G. Evans, of Boyle and C. F. Montgomery, of Casey On motion C. F. Montgomery elected secretary of meeting.

The following resolutions were adopted by said committee:

Be it resolved by the Democratic Executive Committee of this 18th Senatorial District of Kentucky:

1 That a primary election be held on Saturday, Dec. 3rd, 1904, in all the voting precincts in the 18th Senatorial District of Kentucky, at the regular voting places, between the hours of 6 o'clock a. m. and 4 o'clock p. m. for the purpose of selecting a democratic candidate for State Senator from said district in the General Assembly of Kentucky.

2 All democrats, who are residents of said district, and who are legal voters or who will be legal voters at November election, 1905, are permitted to vote in their respective precincts and are invited and requested to do so.

3 Every candidate who desires to have his name printed on the ballots to be used in said primary must deposit with Chairman of said committee, on or before 12 o'clock—midnight 15 days before the date of holding said primary, the sum of \$500, to be used in defraying the expenses of holding said primary election, and the same time said candidate shall deposit each with said committee, and a uniform ballot shall be furnished to each candidate, and the Chairman of said committee shall be a candidate at said election, and notice to the Chairman shall be given to the Committee.

4 In all counties having cities in which the law, enacted by the last General Assembly of Kentucky, requires the registration of voters, the chairman of the county committee thereof is authorized and directed to cause the names of democrats registered at the last general registration, to be copied into separate books, as well as such democrats who become of legal age and qualified voters at the November election, 1905, as is required by law.

5 Said election shall be held, in all respects as is required by law for holding regular primary elections, and a uniform ballot shall be used in every precinct; and the chairman of this committee is hereby authorized and directed to cause to be printed, bound and distributed to the various chairmen of the county committees, one for each county, the form of ballot, and the directions to be followed by the chairmen of the county committees at the necessary paraphernalia for holding said primary election.

6 The democratic county committee of each county shall appoint the officers in each precinct to hold the election, and they are to be selected from lists furnished by the candidates and to be as nearly equally divided as possible. The officers of said primary election, when the polls are closed, proceed at once to count the votes cast for each person for said office, and after counting the votes they will return the ballots to the boxes, sealing up the boxes, and the sheriffs of the election precincts will, within the next two days, seal and deposit the boxes with the chairman of the county committee at the court house in the respective counties. The officers of election at each precinct will make a written statement of the number of votes cast for each person voted for, for said office, and will place said statement in an envelope in the respective ballot boxes.

7 The precinct ballot boxes and all returns are to be made to the chairman of the county committee, and if he is not in the county, to the secretary of the county committee, at the court-house, in the time required by law to wit: Within two days after said election.

8 And on the next day after said returns have been made, the county committee shall meet and canvass the returns, and certify the same to the chairman of the district committee, which district committee shall on Saturday, Dec. 10th, 1904, at 10 o'clock a. m., in the city of Stanford, Lincoln county, Kentucky, meet and canvass the returns, declare the result and issue a certificate of nomination to the successful candidate.

9 The chairman of this committee is directed to give public notice of this election, as is required by law and without delay.

10 In the event there is a surplus remaining after defraying the expenses of said primary, it shall be turned over to the various county committees compelling the districts to be used for legitimate purposes in promoting democracy's cause; and if there should be a deficit, then the candidates shall be assessed to supply said deficit. Provided, however, if no more than one candidate shall have complied with the conditions herein imposed, by Nov. 15th, 1904, then the chairman of the district committee is directed to reconvene the committee, as soon thereafter as practicable at Stanford, Kentucky, and to declare such candidate the regular nominee of the democratic party for said office, and to issue to him a certificate of nomination, and the primary election herein ordered will not be held.

11 The order on the ballot in which the names of the candidates who may enter this primary shall be printed, shall be determined by lot.

Physician's Good Luck.

Dr. Hart's Fortunate Experience of Special Interest to many in Lancaster.

The happiest man in New England to-day and one who is receiving congratulations from his friends, is Dr. Philip Z. Hart, of Lacomia, N. H.

Although he resorted to the latest scientific treatment, and consulted many of his brother physicians Dr. Hart finally said, "I might just as well have thrown my money in the river for I grew worse and worse. My wife and I will swear that Hyomei cured me of the worst case of catarrh that ever existed. I used to cough constantly at night, and had a dropping in the throat, which kept me awake a great deal. I raised thick phlegm and was in a horrible condition. However, I am entirely cured, solely through the use of Hyomei." "R. E. McRoberts is the local agent for Hyomei, the famous treatment which cures catarrh without stomach dosing. A complete outfit costs but \$1.00, extra bottles, 50c he sells it under guarantee to refund the money if it does not give quick relief."

BRIGHT'S DISEASE

Many people who are neglecting symptoms of kidney trouble, hoping "it will wear away," are drifting towards Bright's Disease, which is kidney trouble in one of its worst forms.

FOLEY'S KIDNEY CURE

stops irregularities, strengthens the urinary organs and builds up the worn-out tissues of the kidneys so they will perform their functions properly. Healthy kidneys strain out the impurities from the blood as it passes through them. Diseased kidneys do not, and the poisonous waste matter is carried by the circulation to every part of the body, causing dizziness, backache, stomach trouble, sluggish liver, irregular heart action, etc.

If you have any signs of kidney or bladder trouble commence taking **FOLEY'S KIDNEY CURE** at once, as it will cure a slight disorder in a few days and prevent a fatal malady. It is pleasant to take and benefits the whole system.

How to Find Out.

You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky or has a brick-dust sediment or small particles float about in it, your kidneys are diseased, and **FOLEY'S KIDNEY CURE** should be taken at once.

G. B. Burhans Testifies After Four Years.

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick-dust sediment and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed, and I am evidently cured to stay, and I heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble."
